

## Session F1

Heart Failure: Defining the Best Strategy for Antagonizing the Renin-Angiotensin Aldosterone Axis

7:00-8:30 am

Room: General Sessions Area, Exhibit Hall A

### Target Audience:

Physicians in Emergency Medicine, Family Practice, Geriatrics & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Jan N. Basile, MD, Charleston, SC

### Faculty:

Robert Scott, MD, New Orleans, LA

Brent Egan, MD, Charleston, SC

7:00 am	Welcome & Overview of Objectives Dr. Basile
7:05	From Hypertension to Heart Failure-The Role of RAAS & Sympathetic Nervous System Stimulation Dr. Egan
7:30	Heart Failure with Normal & Reduced Ejection Fraction-Examining the Evidence For Appropriate Treatment Dr. Basile
7:55	Should There be a Difference in the Treatment of the African-American Patient with Heart Failure? Dr. Scott
8:20	Discussion, Questions & Answers All Faculty
8:30	Adjourn

*The Southern Medical Association gratefully acknowledges GlaxoSmithKline for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session F2

From Depression to Panic: Treating the Adult Patient Suffering from Mood & Anxiety Disorders

7:00-8:30 am

Room 206

### Target Audience:

Physicians in Family Practice, Internal Medicine, Geriatrics & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

James J. Bernick, MD, Baytown, TX

### Faculty:

Robert P. Albanese, MD, Charleston, SC

Charles Bernick, MD, Las Vegas, NV

7:00 am	Welcome and Overview of Objectives Dr. J. Bernick
7:05	Anxiety Disorders Dr. Albanese
7:40	Depression, Dementia, or Both? Dr. C. Bernick
8:10	Panel Discussion, Questions and Answers All Faculty
8:30	Adjourn

*The Southern Medical Association gratefully acknowledges Pfizer for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session F3

### Osteoporosis: The Impact of Recent Findings

7:00-8:30 am

Room: 208-209

#### Target Audience:

Physicians in Family Practice, Geriatrics, Internal Medicine, Obstetrics & Gynecology, Rheumatology & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

Ronald C. Hamdy, MD, Johnson City, TN

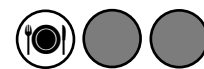

#### Faculty:

Leonard H. Serebro, MD, New Orleans, LA

Ken Gray, MD, Charleston, SC

7:00 am	Welcome & Overview of Objectives Dr. Hamdy
7:05	Bisphosphonates: Is the Frozen Bone Syndrome Real? Dr. Gray
7:35	Combination Therapy: Is More Better? Dr. Hamdy
8:00	Corticosteroid Induced Osteoporosis Dr. Serebro
8:25	Discussion, Questions & Answers All Faculty
8:30	Adjourn

*The Southern Medical Association gratefully acknowledges Aventis for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session F4

### Introduction to the Diabetic Foot

7:00-8:30 am

Room: 210

#### Target Audience:

Physicians in Family Practice, Internal Medicine, Podiatry & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

John L. Steinberg, DPM, San Antonio, TX

#### Faculty:

Lawrence Blonde, MD, New Orleans, LA

Lawrence Harkless, DPM, San Antonio, TX

Veronica Piziak, MD, PhD, Temple, TX

7:00 am	Pathophysiology of Type 2 Diabetes / Diabetes: Understanding the Obesity Link in Diabetes Dr. Blonde
7:40	Advances in Pharmacologic Management of Type 2 Diabetes Dr. Piziak
8:00	Linking the Risk Factors in the Diabetic Foot Dr. Harkless
8:20	Discussion, Questions & Answers All Faculty
8:30	Adjourn

## Session: F5

### SMA President's Symposium

#### Life Saving Strategies for Preventing & Healing Heart Disease in Women

9:15-10:45 am

Room: General Sessions Area, Exhibit Hall A

#### Target Audience:

All Attendees

#### Program Chair:

T. Rudolph Howell, MD, Chester, VA

#### Featured Speaker:

Nieca Goldberg, MD, New York, NY

Nationally recognized as a pioneer in women's heart health, Dr. Nieca Goldberg is Chief of the Cardiac Rehabilitation & Prevention Center at Lenox Hill Hospital in New York City & Assistant Clinical Professor of Medicine at the New York University School of Medicine. A passionate spokesperson on the subject of women & heart disease, she has written what is considered to be the "bible" of heart disease as it relates to women. Her book, *Women are Not Small Men: Life-Saving Strategies for Preventing & Healing Heart Disease in Women*, makes the point that women's symptoms of heart disease may be very different from those of men & stresses the importance that women understand this if they are to save themselves from the disease that has become their number one killer. A national spokesperson for the American Heart Association, Dr. Goldberg has been featured in a number of recognized news publications, as well as appearances on Good Morning America, The Today Show, NBC Nightly News, & CBS' The Early Show.

## Session F6

### Hypertension & the Metabolic Syndrome- New Strategies, New Approaches

11:30 am-1:30 pm

Room: General Sessions Area, Exhibit Hall A

#### Target Audience:

Physicians in Family Practice, Internal Medicine, Obstetrics & Gynecology & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

Jan N. Basile, MD, Charleston, SC

#### Faculty:

Brent Egan, MD, Charleston SC

Vivian Fonseca, MD, New Orleans, LA

11:30 am	Welcome & Overview of Objectives Dr. Basile
11:35	An Overview of the Metabolic Syndrome Dr. Basile
12:10 pm	The Obesity Epidemic-Is it Responsible for the Metabolic Syndrome? Dr. Egan
12:45	What is the Role of Thiazolidiones & Other Insulin Sensitizers in the Treatment of the Metabolic Syndrome? Dr. Fonseca
1:20	Discussion, Questions & Answers All Faculty
1:30	Adjourn

*The Southern Medical Association gratefully acknowledges GlaxoSmithKline for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session F7

The 2nd Generation Cox II's: Their Place in the Treatment of Arthritis & Pain Conditions

11:30 am-1:30 pm

Room: 208-209

### Target Audience:

Physicians in Family Practice, Geriatrics, Internal Medicine, Rheumatology & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Christopher Morris, MD, Kingsport, TN

### Faculty:

Robin Dore, MD, Anaheim, CA

Anthony Sebba, MD, Tampa, FL

11:30 am	Welcome & Introductions Dr. Morris
11:32	The Cyclooxygenase System: History, Function, etc. Dr. Morris
11:47	Issues in Selecting Analgesics Dr. Dore
12:30 pm	The New COX II's, & Alternative Therapies in OA Dr. Sebba
1:15	Discussion, Questions & Answers All Faculty
1:30	Adjourn

*The Southern Medical Association gratefully acknowledges Merck & Co. for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session F8

Sexual Dysfunction

11:30 am-1:30 pm

Room: 207

### Target Audience:

Physicians in Family Practice, Internal Medicine, Obstetrics & Gynecology, Urology & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Wayne J.G. Hellstrom, MD, FACS, New Orleans, LA

### Faculty:

Marc Gittelman, MD, FACS, Aventura, FL

Edward Pinto, MD, Fairfield, CT

11:30 am	Welcome & Overview of Objectives Dr. Hellstrom
11:35	Prevalence, Risk Factors, & Medical Management of the Man with Erectile Dysfunction/Drug Interactions Dr. Pinto
12:05 pm	Comparison of the Three Available Oral PDE-5 Inhibitors for the Treatment of Erectile Dysfunction Dr. Hellstrom
12:20	Work-up & Treatment Options for Female Sexual Dysfunction Dr. Gittelman
12:50	Indications, Benefits & Risks of Hormone Replacement in the Hypogonadal Man Dr. Hellstrom
1:05	Discussion, Questions & Answers All Faculty
1:30	Adjourn

*The Southern Medical Association gratefully acknowledges Lilly ICOS for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

**Session F9 - CANCELLED**  
Depression & Alcohol  
11:30 am-1:30 pm  
Room: 206

**Target Audience:**  
Physicians in Emergency Medicine, Family Practice, Internal Medicine, Geriatrics, OB/GYN, Pediatrics, Psychiatry & other members of the healthcare team, including physician assistants & nurse practitioners.

**Session F10**  
Clinical Examination of the Diabetic Foot  
11:30 am-1:30 pm  
Room: 210

**Target Audience:**  
Physicians in Family Practice, Internal Medicine, Podiatry & other members of the healthcare team including, nurse practitioners & physician assistants.

**Program Chair:**  
John L. Steinberg, DPM, San Antonio, TX

**Faculty:**  
Yung-Wei Chi, DO, RVT, Metairie, LA  
Jim Birke, PhD, PT, Baton Rouge, LA  
Bill Coleman, DPM, New Orleans, LA  
Doug Murdoch, DPM, Temple, TX

4 workshop stations with rotation of participations in 4 groups

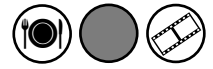

- |          |  |
|----------|--|

| 12:00 pm | Neurologic Assessment of the Diabetic Foot<br>Dr. Birke              |
| 12:30    | Biomechanical Examination of the Foot<br>Dr. Coleman                 |
| 1:00     | Overview of Shoes, Orthotics, & Other Devices<br>Dr. Murdoch         |
| 1:30     | Adjourn  |

# Friday, November 12

**Auxiliary Luncheon & Officer Installation Ceremony**  
11:30 am-1:30 pm  
Versailles Ballroom, Hilton Riverside Hotel  
Fee: \$50.00 per person-Ticket Required

Experience delicious New Orleans cuisine and join in the festivities as Sandy Currie of Amarillo, Texas, is installed as the new Auxiliary President, and the coveted awards for the top Doctor's Day, Health Education and Medical Heritage exhibits are presented at the Auxiliary Installation Luncheon. Suzie Humphreys, noted Texas television talk show host and radio personality for more than 20 years, will be the featured guest speaker. Ms. Humphreys has a way with laughter, poignant stories and jump-start inspiration, of confirming that fear doesn't have to be the motivating force that stops us from living life to its fullest. She talks about saying "yes" instead of "no"...about not telling ourselves "we can't," "it's too hard," or "I'll never be able to." This presentation is perfect for anyone who needs a lift up—not from outside, but from within.

**Tour: Southern Arts Serendipity**  
2:00-5:00 pm  
Location: Buses to depart from the Hilton Riverside Hotel, 2nd Side Drive Entrance  
Fee: \$45.00 Adults-Tickets required

Spend the afternoon exploring two of New Orleans' outstanding architectural and art treasures. Your tour begins with a private viewing of the Ogden Museum of Southern Art, led by the museum's Executive Director, Richard Gruber. This showcase of the nation's premier collection of Southern art, houses 18th & 19th century paintings and prints, ceramics, photographs and sculptures, including works by Jacques Amans, William Henry Buck, Joseph Rusling Meeker and Clarence Millet.

Next, you'll enjoy another private orientation to the National D-Day Museum with its Executive Director, Dr. Nick Mueller. The museum, which officially opened in 2000, pays tribute to the more than one million Americans who took part in the various amphibious or D-Day invasions of World War II and the millions who worked at home to make the Allied victory possible. The National D-Day Museum will be the only museum in the United States that addresses all of the D-Days of World War II and stands in tribute to those people and their actions, which led to the Allied victory.

# Friday, November 12

## Session F11

### Establishing an Obesity Center in Your Office

2:30-4:00 pm

Room: General Sessions Area, Exhibit Hall A

#### Target Audience:

All physicians & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

Veronica K. Piziak, PhD, MD, Temple, TX

#### Faculty:

Laura Last, MBA, MA, RD, FADA, CNSD,  
St. Louis Park, MN

2:30 pm	Welcome & Overview of Objectives Ms. Last
2:45	Addressing the Obesity Epidemic in Your Practice—How Can You Make a Difference? Ms. Last
3:00	How to Set Up an Obesity Treatment Center in Your Practice: A Step-by-Step Guide Ms. Last
3:45	Discussion, Questions & Answers
4:00	Adjourn

*The Southern Medical Association gratefully acknowledges Novartis Nutrition for an unrestricted educational grant in support of this session & appreciates their interest in continuing medical education.*

## Session: F12

### Skin Manifestations of Ocular Disease

2:30-4:00 pm

Room: 206

#### Target Audience:

Physicians in Primary Care, Dermatology, Ophthalmology & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

George S. Ellis, Jr., MD, New Orleans, LA

#### Faculty:

Constance Frye, MD, New Orleans, LA  
Erin E. Boh, MD, New Orleans, LA

2:30 pm	Welcome & Introductions Dr. Ellis
2:35	Common Dermatologic Disorders Affecting the Eyes and Periorbital Area Dr. Boh
3:10	Update on Capillary Hemangiomas and Malignant Eyelid Tumors Dr. Frye
3:45	Discussion, Questions & Answers Dr. Boh & Dr. Frye
4:00	Adjourn

# Friday, November 12

## Session F13

Electronic Office: From Network Security to the Electronic Health Record

2:30-4:00 pm

Room: 207

### Target Audience:

Physicians in Internal Medicine, Family Practice, Pediatrics, any office-based physicians & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Alan D. Clark, MD, Carthage, MO

### Faculty:

John C. Durham, MD, Carrollton, GA

2:30 pm	Welcome & Overview of Objectives Dr. Clark
2:35	Networking the Medical Office: Why Wireless? Dr. Clark
3:00	Electronic Medical Record—What's Out There Now Dr. Durham
3:25	Electronic Medical Record—The Future & ePrescribing Dr. Durham
3:50	Discussion, Questions & Answers All Faculty
4:00	Adjourn

## Session F14

Sports Injuries in Children & Adolescents

2:30-4:00 pm

Room: 208-209

### Target Audience:

Physicians in Family Practice, Emergency Medicine, General Practice, Pediatric & Adolescent Medicine & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Paula Oliver Pell, MD, St. Petersburg, FL

### Faculty:

Robert M. Peroutka, MD, Baltimore, MD

2:30 pm	Welcome & Overview of Objectives Dr. Pell
2:35	Preventing Injuries in Young Athletes Dr. Pell
3:10	Extremity Injuries in Young Athletes Dr. Peroutka
3:35	Back Pain in Young Athletes Dr. Peroutka
3:50	Discussion, Questions & Answers All Faculty
4:00	Adjourn

# Friday, November 12

## Session F15

### Peripheral Arterial Disease in the Diabetic Lower Extremity

2:30-4:00 pm

Room: 210

#### Target Audience:

Physicians in Family Practice, Internal Medicine, Podiatry & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

John L. Steinberg, DPM, San Antonio, TX

#### Faculty:

Peter J. Sheehan, MD, New York, NY  
Stephen Ramee, MD, New Orleans, LA  
David Allie, MD, Lafayette, LA

2:30 pm	Introduction to the Biology & Medical Management of PAD Dr. Sheehan
2:50	When to Refer the PAD Patient Out of the Primary Care Office Dr. Ramee
3:10	Role of Lower Extremity Vascular Bypass in the Compromised Limb Dr. Allie
3:30	Endovascular Management of Distal Lower Extremity Ischemia Dr. Allie
3:50	Discussion, Questions & Answers All Faculty
4:00	Adjourn

## Session F16

### Neurology & Neurosurgery Abstract Presentations

2:30-4:00 pm

Room: 211

#### Target Audience:

Physicians in Neurology, Neurosurgery & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Byron N. Bailey, MD, Charleston, SC

#### Faculty:

Peter J. Osterbauer, MD, Lackland AFB, TX  
Khalil A. Amir, MD, Salem, VA  
Antonio E. Muñiz, MD, Richmond, VA  
Sabino D Agostino, MD, Charleston, SC

2:30 pm	Welcome & Introductions Dr. Bailey
2:35	Sex on the Brain: Remembering Neurosyphilis Dr. Osterbauer
2:43	Questions & Answers
2:45	Malignant Meningeal Melanomatosis with Possible Case of Neurocutaneous Melanomatosis Dr. Amir
2:53	Questions & Answers
2:55	Evaluation of Children with Ventriculoperitoneal (VP) Shunts & Signs & Symptoms Suggesting Shunt Malfunction & Infection Dr. Muñiz
3:03	Questions & Answers
3:05	Acute Spinal Cord Injury: Update & Management Dr. D Agostino
4:00	Adjourn

# Friday, November 12

## Session F17

### Cardiology Abstract Presentations

2:30-4:00 pm

Room: 212

#### Target Audience:

Physicians in Cardiology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Co-Chairs:

Dwight D. Stapleton, MD, MMM, FACC, FACP, FACPE, Sayre, PA  
James V. Talano, MD, Naples, FL

#### Faculty:

Jean Chappell, MS, MTASCP, Huntington, WV  
Paul K. Whelton, MD, New Orleans, LA  
Patrick R. Krake, MD, Shreveport, LA  
Mitchell Rashid, MD, Huntington, WV  
Zakari Y. Aliyu, MD, MPH, Baltimore, MD  
Margo A. Denke, MD, Kerville, TX  
Arshad Ali, MD, Sayre, PA

2:30 pm	A Study of Homocysteine Levels in a Population of West Virginia Cardiology Patients Ms. Chappell	3:16	Questions & Answers
2:40	Questions & Answers	3:18	Assessing Compliance of Cardiologists with the National Cholesterol Education Program Dr. Aliyu
2:42	Clinical Outcomes in ALLHAT Antihypertensive Trial Participants with Type 2 Diabetes, Impaired Fasting Glucose, & Normoglycemia Dr. Whelton	3:28	Questions & Answers
2:52	Questions & Answers	3:30	Ezetimibe Coadministered with Statin Therapy Significantly Reduces LDL-C & Improves Goal Attainment in Patients with Hypercholesterolemia Dr. Denke
2:54	Racial Differences in Echocardiographic & Electrocardiographic Parameters in an Indigent & Ethnically Diverse Population Dr. Krake	3:40	Questions & Answers
3:04	Questions & Answers	3:42	Lipids & Peripheral Vascular Disease Dr. Ali
3:06	Use of a Hand-Held Assist Device for Cholesterol Management by National Cholesterol Education Panel Adult Treatment Panel III Guidelines Dr. Rashid	3:58	Questions & Answers
		4:00	Adjourn

# Friday, November 12

## Session F18

### Internal Medicine Abstract Presentations

2:30-4:00 pm

Room: 213

#### Target Audience:

Physicians in Internal Medicine & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Ali R. Rahimi, MD, FACP, AGSF, Savannah, GA

#### Faculty:

Susie Estes, MD, Chattanooga, TN

Khalil A. Amir, MD, Salem, VA

Luiz Nascimento, MD, Hamlet, NC

Anuradha Tunuguntla, MD, Kingsport, TN

Shakaib U. Rehman, MD, FACP, Charleston, SC

Natalie Klawonn, Roanoke, VA

Senthil Nachimuthu, Alexandria, LA

Fahim Zaman, MD, Shreveport, LA

Muktar Y. Aliyu, MD, MPH, Birmingham, AL

2:30 pm	Welcome & Introductions Dr. Rahimi	3:29	Questions & Answers
2:32	A Puzzling Case of Hypoglycemia: The Clue in the Medication History Dr. Estes	3:22	Early Diagnosis of Creutzfeldt-Jakob Disease By Diffusion-Weighted MRI Ms. Klawonn
2:40	Questions & Answers	3:30	Questions & Answers
2:42	Abdominal Pain Secondary to Pylephlebitis: An Uncommon Disease of the Portal Venous System, Treated with Local Thrombolytic Therapy Dr. Amir	3:32	Familial Partial Lipodystrophy: Köbberling- Dunnigan Syndrome Senthil Nachimuthu
2:50	Questions & Answers	3:40	Questions & Answers
2:52	Behcet Syndrome-A Case Report & Therapeutic Strategies Dr. Nascimento	3:42	One Year Outcome of Renal Transplant Patients Receiving Induction Therapy with Thymoglobulin Versus Basiliximab Dr. Zaman
3:00	Questions & Answers	3:50	Questions & Answers
3:02	Cladophialaphora Bantianum Brain Abscess- A Case Report Dr. Tunuguntla	3:52	Predictors of Sputum-culture Conversion in the Era of Re-emergent Mycobacterium Tuberculosis in the State of North Carolina, 1993-1998 Dr. Aliyu
3:10	Questions & Answers	4:00	Questions & Answers
3:12	Differentiating Between Hypertensive Emergencies & Urgencies Dr. Rehman	4:02	Adjourn

# Friday, November 12

## Session F19

### Surgery Abstract Presentations

2:30-4:00 pm

Room: 214

#### Target Audience:

Physicians in General Surgery & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Mark Wilson, MD, Pittsburgh, PA

#### Faculty:

Scott Meier, BS, New Orleans, LA

J. Andres Gonzalez, MD, Johnson City, TN

James T. Evans, MD, Buffalo, NY

Carlos M. Chavez, MD, Brownsville, TX

Chad M. Copper, MD, Knoxville, TN

2:30 pm	Welcome & Introductions Dr. Wilson	3:11	The Soul of the Surgeon-Annotations Dr. Evans
2:35	Transplantation of Adult Recipients with Single Cadaveric Kidneys from Pediatric Donors Weighing <25 kg is a Reliable Option Mr. Meier	3:21	Questions & Answers
2:45	Questions & Answers	3:23	Thoracoscopic Drainage of Empyema Dr. Chavez
2:47	Hand-assisted Laparoscopic Donor Nephrectomy is Associated with a Low Rate of Complications Mr. Meier	3:33	Questions & Answers
2:57	Questions & Answers	3:35	Paget's Disease of the Nipple: Analysis of Survival Factors Dr. Copper
2:59	Carcinoid in a Meckel's Diverticulum: An Unusual Cause of Small Bowel Obstruction Dr. Gonzalez	3:45	Questions & Answers
3:09	Questions & Answers	3:47	Laparoscopic Colon Surgery for Elderly Patients Dr. Wilson
		3:57	Questions & Answers
		4:00	Adjourn

# Friday, November 12

## Session F20

### Gynecology & Obstetrics Abstract

#### Presentations

2:30-4:00 pm

Room: 220-221

#### Target Audience:

Physicians in Gynecology & Obstetrics & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Mark G. Martens, MD, Tulsa, OK

#### Faculty:

Robert K. Sigman, MD, Huntsville, AL

Glenna P. Hendricks, MD, Newport News, VA

Atyia Sapp, Charleston, SC

Anil K. Goli, MD, Johnson City, TN

Lars Viktrup, MD, PhD, Indianapolis, IN

2:30 pm	Welcome & Introductions	3:10	Peripartum Cardiomyopathy Underreported in Primiparous Dr. Goli
2:35	Does Discolored Amniotic Fluid at Genetic Amniocentesis Really Matter? Dr. Sigman	3:20	Questions & Answers
2:45	Questions & Answers	3:22	Treating Stress Incontinent Women with Duloxetine Does Not Induce Mood Elevation Dr. Viktrup
2:47	Follow-up of a Five Year Residency Curriculum in Obstetrics, Gynecology & Family Practice Dr. Hendricks	3:32	Questions & Answers
2:57	Questions & Answers	3:34	Female Libido: New Hormone Therapies After Update on Estrogen Therapies After WHI, PartII Dr. Martens
2:59	Frequency of Cervical Stenosis & Persistent Disease Following Treatment of Squamous Intraepithelial Lesions (SIL) With Loop Electrosurgical Excision Procedure (LEEP) vs. Cryotherapy Atyia Sapp	3:54	Questions & Answers
3:08	Questions & Answers	4:00	Adjourn

# Friday, November 12

## Session F21

### Orthopaedic & Trauma Surgery Abstract Presentations

2:30-3:00 pm

Room: 222

#### Target Audience:

Physicians in Orthopaedic & Trauma Surgery & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Robert M. Peroutka, MD, Baltimore, MD

#### Faculty:

Vincent Battista, MD, El Paso, TX

John Glaser, MD, Charleston, SC

2:30 pm	Welcome & Introductions Dr. Peroutka
2:35	Assessment of Four Midcarpal Radiologic Determinations Dr. Battista
2:45	Questions & Answers
2:47	Cadaveric Biomechanical Analysis of Insufficiency Fracture Fixation Techniques Dr. Glaser
2:57	Questions & Answers
3:00	Adjourn

## Session F22

### Pathology Abstract Presentations

2:30-4:00 pm

Room: 205

#### Target Audience:

Physicians in Pathology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Peter J. Kragel, MD, Greenville, NC

#### Faculty:

Karlene O. Hewan-Lowe, MD, Greenville, NC

Christopher M. Schuler, MD, Greenville, NC

Tonialatoya Wallace, MD, Greenville, NC

Andrea Kahn, MD, Mobile, AL

2:30 pm	Welcome & Introductions Dr. Kragel
2:35	A Case of Malignant Pleural Mesothelioma Dr. Hewan-Lowe
2:45	Questions & Answers
2:47	Recurrent Pulmonary Thromboemboli Diagnosed at Autopsy Dr. Schuler
2:57	Questions & Answers
2:59	Fulminant Course of Wegener's Granulomatosis Dr. Wallace
3:09	Questions & Answers
3:11	Bordetella Bronchiseptica Pneumonia in an HIV-positive Animal Care Worker Dr. Kahn
3:21	Questions & Answers
3:23	Pulmonary & Pleural Pathology Pearls Dr. Kragel
3:45	Business Meeting
4:00	Adjourn

# Friday, November 12

## Session F23

### Radiology Abstract Presentations

2:30-4:00 pm

Room: 204

#### Target Audience:

Physicians in Radiology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

W. Mel. Flowers, Jr., MD, FACR, Jackson, MS

#### Faculty:

Amolak Singh, MD, FACP, FACNM, Columbia, MO

Ramesh B. Patel, MD, FACR, Jackson MS

Patrick E. Sewell, Jr., MD, Jackson, MS

J.F. Watkins III, MD, New Orleans, LA

2:30 pm	Welcome & Introductions Dr. Flowers	3:26	Questions & Answers
2:34	Radiological Signs of Paget's Disease Dr. Flowers	3:28	The Physics of Radiofrequency Ablation vs. Cryoablation for Renal Cell Carcinoma Dr. Sewell
2:54	Questions & Answers	3:42	Questions & Answers
2:56	Can You Predict Myocardial Uptake of F-18 Fluoro-deoxy-glucose (FDG) from Fasting Plasma Glucose? Dr. Singh	3:44	Positron Emission Tomography in Laryngeal Cancer Dr. Watkins
3:10	Questions & Answers	3:58	Questions & Answers
3:12	Manifestations of Skeletal Syphilis from New Born to Adulthood Dr. Patel	4:00	Adjourn

## Session F24

Critical Issues Needed For a Worry-Free Retirement

2:30-4:30 pm

Magnolia Room, Hilton Riverside Hotel

Fee: \$35 per person-Ticket Required

### Faculty:

Mike Panter and Cliff Shirah, SMA Services, Inc.  
Financial Service Representatives, Blue Ridge, GA

# Friday, November 12

## Session F26

### Forensic Pathology: Media Myth vs Practical Reality

4:15-5:45 pm

Room: 206

#### Target Audience:

Physicians in Emergency Medicine, Surgery (trauma), Pathology & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

Peter J. Kragel, MD, Greenville, NC

#### Faculty:

Joseph Pestaner, MD, JD, Greenville, NC

4:15 pm	Welcome & Introductions Dr. Kragel
4:20	Forensic Pathology: Media Myth vs. Practical Reality Dr. Pestaner
5:30	Discussion, Questions & Answers Dr. Pestaner
5:45	Adjourn

## Session F27

### Medical & Surgical Management of Diabetic Foot Complications

4:15-5:45 pm

Room: 210

#### Target Audience:

Physicians in Family Practice, Internal Medicine, Podiatry, Surgery & other members of the healthcare team including, nurse practitioners & physician assistants.

#### Program Chair:

John L. Steinberg, DPM, San Antonio, TX

#### Faculty:

Bill Coleman, DPM, New Orleans, LA  
J. Monroe Laborde, MD, New Orleans, LA  
Elizabeth Race, MD, Dallas, TX

4:15 pm	Role of Offloading Devices for Ulceration & Charcot Dr. Coleman
4:35	Curing Diabetic Foot Ulcers with Tendon Lengthening Dr. Laborde
4:55	Advances in Pharmacologic Management of Infections Dr. Race
5:15	Surgical Approach to the Infected Diabetic Foot Dr. Steinberg
5:35	Discussion, Questions & Answers All Faculty
5:45	Adjourn

# Friday, November 12

## Session F28

Southern Gynecological & Obstetrical Society Meeting: 1. Sexual Dysfunction & 2. Pap Smears – How Can This Simple Test Be So Complicated?

4:15-5:45 pm

Room: 220-221

### Target Audience:

Physicians in Family Practice, Internal Medicine, Obstetrics & Gynecology & other members of the healthcare team including, nurse practitioners & physician assistants.

### Program Chair:

Simon V. Ward III, MD, Charlotte, NC

### Faculty:

Mark G. Martens, MD, Tulsa, OK

4:15 pm	Female Sexual Dysfunction Dr. Martens
4:45	Pap Smears Dr. Ward
5:15	Questions & Answers All Faculty
5:45	Adjourn

## Session F29

Pediatrics & Adolescent Medicine Abstract Presentations

4:15-5:30 pm

Room: 208-209

### Target Audience:

Physicians in Pediatrics & Adolescent Medicine & other members of the healthcare team including, physician assistants & nurse practitioners.

### Program Chair:

Paula Oliver Pell, MD, St. Petersburg, FL

### Faculty:

Antonio E. Muñiz, MD, Richmond, VA  
Jaideep Sheno, MD, Tulsa, OK

4:15 pm	Welcome & Introductions Dr. Pell
4:20	Altered Mental Status in Children Presenting to an Emergency Department Dr. Muñiz
4:30	Questions & Answers
4:32	Cefepime Induced Bone Marrow Suppression in a Child with Osteomyelitis Dr. Sheno
4:42	Questions & Answers
4:44	Meperidine and Seizures in a 16 Year-old Dr. Muñiz
4:54	Questions & Answers
4:56	Parapharyngeal Abscess in a Child Mimicking Torticollis. Dr. Muñiz
5:08	Seizures From Severe Hyponatremia in an Infant with Inflicted Traumatic Brain Injury (TBI) Dr. Muñiz
5:18	Questions & Answers
5:20	Business Meeting
5:30	Adjourn

# Friday, November 12

Session F30

Ophthalmology Grand Rounds

4:15-5:45 pm

Room: 211

**Target Audience:**

Physicians in Ophthalmology & other members of the healthcare team including, nurse practitioners & physician assistants.

**Program Chair and Faculty:**

George S. Ellis, Jr., MD, New Orleans, LA

In this session, the audience will participate in a Case Presentation Learning Experience. Difficult cases will be presented and discussed with the audience. At the conclusion of this course, participants will be able to apply current knowledge and techniques in the treatment of common and complex ocular disorders.

4:15 pm	Welcome & Introductions Dr. Ellis
4:20	Case Presentations with Discussion, Questions & Answers
5:45	Adjourn

# Friday, November 12

## Session F3I

### Gastroenterology Abstract Presentations

4:15-5:45 pm

Room: 212

#### Target Audience:

Physicians in Gastroenterology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Timothy P. Pfanner, MD, Temple, TX

#### Faculty:

John J. O'Brien, MD, Springfield, IL  
Farida Millwala, MD, Greensboro, NC  
Capt Jeffery J. Blonsky, MD, San Antonio, TX  
Tripura Mantha Bala, MD, Chattanooga, TN  
Sarah Jorgensen, DO, Jacksonville, FL  
Maria E. Tudor, DO, Chattanooga, TN  
Srinivas R. Puli, MD, St. Louis, MO  
Carol A. Leitner, MD, FACS, Birmingham, AL

4:15 pm	Inhibitory Effects of Genistein on Cytokine Expression in Colonic Epithelial Cell Line Dr. O'Brien	5:05	Gastrointestinal Histoplasmosis in an Acquired Immunodeficiency Syndrome Patient Dr. Tudor
4:23	Questions & Answers	5:13	Questions & Answers
4:25	A Primary Care Presentation of Nephrolithiasis from Enteric Hyperoxaluria Due to Crohn's Disease Dr. Millwala	5:15	Cardiac Perforation & Tamponade During Transjugular Intrahepatic Portosystemic Shunt (TIPS) Placement Dr. Bala
4:33	Questions & Answers	5:23	Questions & Answers
4:35	Hereditary Diffuse Gastric Cancer Presenting in a Young Asymptomatic Patient: An Uncommon Entity with an Ominous Prognosis Dr. Blonsky	5:25	Short-term Effects of Midodrine & Octreotide on Renal Function & Mortality in Patients with Type I Hepatorenal Syndrome Dr. Puli
4:43	Questions & Answers	5:33	Questions & Answers
4:45	Post Gastrectomy Mass: To Be TB or Not to Be TB Dr. Bala	5:35	A New Look at Irritable Bowel Syndrome & a Proposed Treatment Plan Dr. Leitner
4:53	Questions & Answers	5:43	Questions & Answers
4:55	Acute Pancreatitis as a Manifestation of HIV Seroconversion Dr. Jorgensen	5:45	Adjourn
5:03	Questions & Answers		

# Friday, November 12

## Session F32

### Internal Medicine Abstract Presentations

4:15-5:45 pm

Room: 213

#### Target Audience:

Physicians in Internal Medicine & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Ali R. Rahimi, MD, FACP, AGSF, Savannah, GA

#### Faculty:

Gail R. Williams, MD, MS, Montgomery, AL

Jonathan Mann, MD, Savannah, GA

Alaina Amato, MD, Mobile, AL

Lynne Nieto, RN, MSN, NP, CEDS, Costa Mesa, CA

Fred A. Lopez, MD, New Orleans, LA

Jill F. Ringold, MD, Mobile, AL

Srinivas R. Puli, MD, St. Louis, MO

Saleem M. Qureshi, BS, MHSA, MD, Salem, VA

4:15	Welcome & Introductions Dr. Rahimi	5:03	Questions & Answers
4:17	Prison Doctors in the 21st Century Dr. Williams	5:05	Acute Flaccid Paralysis Due To West Nile Fever Dr. Ringold
4:23	Questions & Answers	5:13	Questions & Answers
4:25	Pseudo-downhill Varices of the Esophagus Dr. Mann	5:15	Acute Pulmonary Edema During Infliximab Infusion Dr. Puli
4:33	Questions & Answers	5:23	Questions & Answers
4:35	Rhabdomyolysis & Aeromonas Infection After Environmental Exposure Dr. Amato	5:25	Beware of Air: Pneumatosis Cystoides Coli. Unusual Finding on Screening Colonoscopy of Asymptomatic Patient Dr. Qureshi
4:43	Questions & Answers	5:33	Questions & Answers
4:45	The Metabolic Fitness Quotient Ms. Nieto	5:35	Business Meeting
4:53	Questions & Answers	5:45	Adjourn
4:55	Update on Vibrio vulnificus Infections in Louisiana: 1977-2002 Dr. Lopez		

# Friday, November 12

## Session F33

### Oncology Abstract Presentations

4:15-5:45 pm

Room: 214

#### Target Audience:

Physicians in Oncology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Pamela L. Medellin, MD, Baytown, TX

#### Faculty:

Anil K. Goli, MD, Johnson City, TN

Dara D. Bagwell, MD, Biloxi, MS

Ganesh D. Kini, MD, PhD, Roanoke, VA

Robert Holmes, DO, New Orleans, LA

Asghar Naqvi, MD, Baton Rouge, LA

Melissa M. King, MD, Lackland AFB, Texas

Join Y. Luh, MD, San Antonio, TX

4:15 pm	Welcome & Introductions Dr. Medellin	5:00	Early Stage Rectal Cancer Metastatic to the Ovary Dr. Naqvi
4:17	The Epitrochlear Lymph Node: An Unusual Physical Finding in Lymphoma with Important Clinical Significance Dr. Goli	5:08	Questions & Answers
4:25	Questions & Answers	5:10	Adjuvant Chemotherapy For Merkel Cell Cancer Dr. King
4:27	Simultaneous Presentation of Hodgkins & Follicular Non-Hodgkins Lymphoma in a Previously Healthy Male Dr. Bagwell	5:18	Questions & Answers
4:35	Questions & Answers	5:20	Skin Metastasis in a Previously Irradiated Field from Squamous Cell Carcinoma of the Cervix Dr. Luh
4:37	Unusual & Extremely Rare Presentation of Multiple Myeloma with Extra-medullary Plasmacytomas: A Case Report Dr. Kini	5:28	Questions & Answers
4:45	Questions & Answers	5:30	First Case Report of XELODA Induced Coronary Artery Disease Dr. Goli
4:47	AIDS-related Lymphoma (ARL) Presenting as Cauda Equina Syndrome Dr. Holmes	5:38	Questions & Answers
4:58	Questions & Answers	5:40	Business Meeting
		5:45	Adjourn

# Friday, November 12

## Session F34

### Emergency Medicine Abstract Presentations

4:15-5:45 pm

Room: 222

#### Target Audience:

Physicians in Emergency Medicine & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Frederick B. Carlton, Jr., MD, Jackson, MS

#### Faculty:

Antonio E. Muñoz MD, Richmond, VA

Claire A. Turchi, MS, Nashville, TN

Anil K. Goli, MD, Johnson City, TN

Edmond A. Hooker, MD, Louisville, KY

Robert G. Thomas, MSI, Nashville, TN

4:15 pm	Welcome & Introductions Dr. Carlton	5:10	Questions & Answers
4:20	Acute Cecal Diverticulitis Mimicking Appendicitis in a 16 Year-old Female Dr. Muniz	5:12	Reasons Why Paramedics Do Not Administer Aspirin To Patients Complaining Of Chest Pain Dr. Hooker
4:28	Questions & Answers	5:20	Questions & Answers
4:30	Burn Prevention Knowledge & Education In the Emergency Department Ms. Turchi	5:22	Urinary Tract Infection Must be Excluded in Infants Less than 3 Months of Age with Fever & Respiratory Syncytial Virus (RSV) Dr. Muñoz
4:38	Questions & Answers	5:30	Questions & Answers
4:41	Dissecting Thoracic Aorta: A Split Decision Making Dr. Goli	5:32	Syndromic Surveillance for Infectious Disease Outbreaks Using Chief Complaint Data Mr. Thomas
4:49	Questions & Answers	5:40	Questions & Answers
4:51	Ischemic Electrocardiographic Changes from Severe Heat Stroke Dr. Muñoz	5:42	Business Meeting
4:59	Questions & Answers	5:45	Adjourn
5:02	Ketamine versus Opioids & Midazolam for Conscious Sedation in Children in the Emergency Department Dr. Muñoz		

# Friday, November 12

## Session F35

### Dermatology Abstract Presentations

4:15-5:15 pm

Room: 205

#### Target Audience:

Physicians in Dermatology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

Erin E. Boh, MD, New Orleans, LA

#### Faculty:

Betsy Perry, MD, Decatur, GA

Ryan Sullivan, MD, Chattanooga, TN

4:15 pm	Welcome & Introductions Dr. Boh
4:20	Contact Hypersensitivity to Methyl Red in Female Balb/c Mice Dr. Sullivan
4:30	Questions & Answers
4:32	Doxorubicin-induced Cardiomyopathy & Hyperpigmentation: A Common Pathogenesis? Dr. Perry
4:42	Questions & Answers
4:44	Eosinophilic Folliculitis in 2 HIV-positive Women: Case Reports & Literature Review Dr. Perry
4:54	Questions & Answers
4:56	Business Meeting
5:15	Adjourn

# Friday, November 12

## Session F36

### Radiology Abstract Presentations

4:15-5:45 pm

Room: 204

#### Target Audience:

Physicians in Radiology & other members of the healthcare team including, physician assistants & nurse practitioners.

#### Program Chair:

W. Mel. Flowers, Jr., MD, FACR, Jackson, MS

#### Faculty:

Jeffrey C. Howard, MD, Jackson, MS

Amolak Singh MD, Columbia, MO

Jay H. Schwartz, MD, Jackson, MS

4:15 pm	Welcome & Introductions Dr. Flowers	5:11	Questions & Answers
4:19	Radiological, Clinical, & Pathological Findings in Pseudosubarachnoid Hemorrhage Dr. Flowers	5:13	Radiofrequency Ablation of Stage I & II Primary NSCLC Dr. Schwartz
4:39	Questions & Answers	5:27	Questions & Answers
4:41	Percutaneous MRI Guided Cryoablation of Painful Skeletal Metastasis Dr. Howard	5:29	Conversion of 35mm Text Slides into PowerPoint Using Direct Optical Character Recognition Technology Dr. Flowers
4:55	Questions & Answers	5:43	Questions & Answers
4:57	Physiological Localization of F-18 fluoro- deoxyglucose (FDG): A Potential Source of False-Positive FDG Scans for Cancer Dr. Singh	5:45	Adjourn

# Friday, November 12

## Session F37

### Moderated Posters

6:00-6:45 pm

Room: Poster Exhibit Area, Exhibit Hall A

#### Target Audience:

All Attendees

During this session, a representative for each poster in the following specialties will be available to give a brief overview of their poster & answer questions from the audience.

• Cardiology • Family Practice • Neurosurgery • Neurology • Internal Medicine • Pathology • Radiology •

## Cardiology Moderated Posters

Moderator: Dr. Dwight D. Stapleton, Sayre, PA

### CAR-1

A Life Threatening Rare Congenital Coronary Artery Anomaly Associated with Sudden Cardiac Death in Young People

Dr. Michael Nillas, Huntington, WV

### CAR-2

An 18 Year-old in a 78 Year-old Body: An Unusual Case of Lightheadedness

Dr. Michael B. Phillips, Jacksonville, FL

### CAR-3

An Unnerving Case of Heart Failure

Dr. Kevin Luce, Chattanooga, TN

### CAR-4

Chest Pain and Increased Troponin: Acute Coronary Syndrome?

Dr. Arun Kalyanasundaram, Danville, PA

### CAR-5

Chloroquine Cardiotoxicity: Fatal But Reversible

Dr. Vipul R. Brahmbhatt, Johnson City, TN

### CAR-6

Coronary Ectasia: A Rare Manifestation of Atherosclerosis with Unsolved Questions

Dr. Vipul Brahmbhatt, Johnson City, TN

### CAR-7

Left Atrial Appendage Perforation During Coronary Artery Angioplasty

Dr. Nezar Falluji, Huntington, WV

### CAR-8

Persistent Hypoxemia in a Patient with Right Ventricular Infarction

Dr. Lindsay C. Crawford, Chattanooga, TN

### CAR-10

Procainamide-Associated Heart Valve Thrombus – “In the Thick of It”

Dr. Scott Duffy, Huntington, WV

### CAR-11

Syndrome X: A Bit of a Mystery

Dr. Anil K. Goli, Johnson City, TN

### CAR-12

When a Case Gets Under Your Skin

Dr. Kevin P. Luce, Chattanooga, TN

# Friday, November 12

## Family Practice Moderated Posters

Moderator: Dr. Thomas C. Sparkman, Cape Girardeau, MO

### FP-1

A Mysterious Case of Shock and Disseminated Intravascular Coagulation  
Priyanka Balasundaram, MBBS, New Orleans, LA

### FP-2

Clinical Experience of a Carbohydrate-Restricted Diet: Effect on Diabetes Mellitus  
Dr. Mary C. Vernon, Lawrence, KS

### FP-3

Lemierre Disease, Case Report  
Dr. Jose L. Veras-Pola, Metairie, LA

### FP-4

Management of Dyslipidemia in Patients with Cardiovascular Disease Upon Discharge from a Community Hospital  
Dr. John Diaz, Naples, FL

### FP-5

Necrotizing Immunoblastic and Lymphoid Hyperplasia Mimicking Nasopharyngeal Lymphoma  
Dr. Villa Auleen del Carmen, Roanoke, VA

## Neurology & Neurosurgery Moderated Posters

Moderator: Dr. Byron N. Bailey, Charleston, SC

### NEURO-1

A Rare Case of Devic's Syndrome in a 60 Year-old Female  
Dr. Walter N. Ingram, Gulfport, MS

### NEURO-2

Early Treatment of Migraine: Results of a Prospective, Double-blind, Placebo-controlled Trial using Eletriptan  
Dr. Paul Tiseo, New York, NY

### NEURO-3

Functional Disability and Reduction in Quality of Life Associated With Migraine in the Primary Care Setting  
Jayasena Hettiarachchi, New York, NY

### NEURO-4

Switching to Eletriptan in Migraineurs with Unsatisfactory Response to Rizatriptan  
Dr. Paul Tiseo, New York, NY

### NS-1

2 Level Anterior Fusion with Stand-Alone BAK-C Cages  
Dr. David E. Tomaszek, Houston, TX

### NS-2

Cervical Interbody Cage and Plate Constructs in Multilevel Anterior Fusion  
Dr. David E. Tomaszek, Houston, TX

# Friday, November 12

## Internal Medicine Moderated Posters

Moderator: Dr. Ali Rahimi, Savannah, GA

### MED-1

“Doctor, I Have These Bumps”: The Mystery of Multiple Ulcerative Nodules

Dr. Anna L. Sobol, Jacksonville, FL

### MED-2

A Case of Recurrent Necrotizing Fasciitis

Dr. Dara D. Bagwell, Biloxi, MS

### MED-3

A Pleural Effusion in a Healthy Patient Manifesting as Nephrotic Syndrome

Dr. Fawzia K. Salahuddin, Peoria, IL

### MED-4

Adult Malrotation Mimicking Pancreatic Pathology

Dr. Pavan Manchikalapati, Montgomery, AL

### MED-5

An Unusual Cause of Poisoning

Dr. Alan R. Redding, Charleston, SC

### MED-6

Case Control Study Evaluating Factors and Outcomes of Patients with Unplanned Endotracheal Extubation, 11 Month Experience

Dr. Saleem M. Qureshi, Roanoke, VA

### MED-7

Cephalexin Induced Henoch-Schonlein Purpura

Dr. Nirupma Mitikiri, Baltimore, MD

### MED-8

Clinical and Epidemiological Profiles of Bacterial and Fungal Meningitis in 2 Baltimore Hospitals

Dr. Sy Sarkar, Baltimore, MD

### MED-9

Crohn's Disease Presenting as a Life-Threatening Retropharyngeal Abscess

Dr. Shakeel Ahmed, MD, Rochester, NY

### MED-10

Cryptococcal Meningitis: An Unusual Presentation

Dr. Anuradha Tunuguntla, Johnson City, TN

### MED-11

Disseminated Aspergillosis in a Patient with Two Different Types of Cancer

Dr. Diana Wagner, Rochester, NY

### MED-12

Ephedra Induced Renal Failure

Dr. Jeffrey B. McCallum, Savannah, GA

### MED-13

Idiopathic Retroperitoneal Fibrosis: Case-report

Dr. Muqsita Nashat, Aldan, PA

### MED-14

Lung Cancer Presenting as an Oral Mass

Dr. David R. Redding, Charleston, SC

### MED-15

Management of Fluconazole Resistant Candidal Esophagitis in an HIV-Infected Patient

Dr. Kevin P. Luce, Chattanooga, TN

### MED-16

Metastatic Thyroid Cancer with a Histologically Normal Thyroid

Dr. Vipul R. Brahmbhatt, Johnson City, TN

### MED-17

Nocardial Brain Abscess Mimicking Stroke in a Patient with Wegener's Granulomatosis and Hypothyroidism

Dr. Linda A. Thomas, Roanoke, VA

### MED-18

Paget's Disease in the Differential Diagnosis of Hypercalcemia

Dr. Myra A. Kleinpeter, New Orleans, LA

### MED-19

Severe Thrombocytopenia Secondary to Plasmodium Vivax Infection

Dr. Benjamin H. Holland, Macon GA

### MED-20

Solmedrol versus Dexamethasone in the Management of Acute Exacerbations of COPD. The SOLVeD study

Dr. Ayodele Erinle, Baltimore, MD

### MED-21

Spontaneous Intramural Small Bowel Hemorrhage: A Rare Complication of Anti-coagulation

Dr. Andrew I. Rackoff, Charleston, SC

### MED-22

Successful Use of Eporpostenol in the Treatment of SLE Induced Pulmonary Hypertension

Dr. Fawzia K. Salahuddin, Peoria, IL

### MED-23

Unusual Cause of Refractory Nausea and Vomiting in a Diabetic Male

Dr. Senthil Nachimuthu, New Orleans, LA

### MED-24

Unusual Presentation of Myasthenia Gravis with Isolated Neck Muscle Weakness

Dr. Joanne Akong, Roanoke, VA

### MED-25

Dyslipidemia Control in Patients with Known Arterial Disease After Discharge from a Lipid Clinic

Dr. Wei-Chung Chuang, Temple, TX

# Friday, November 12

## Pathology Moderated Posters

Moderator: Dr. Peter J. Kragel, Greenville, NC

### PAT-1

An Unusual Case of Synovial Sarcoma Arising from the Chest Wall

Dr. Karlene O. Hewan-Lowe, Greenville, NC

### PAT-2

Composite Gastric Carcinoma Arising in a Background of Lymphocytic Gastritis

Dr. Mylinh T. Mac, New Orleans, LA

### PAT-3

Hemoglobin H disease Mimics a Normal Pattern on Hemoglobin Electrophoresis

Dr. Arshad N. Ahsanuddin, Greenville, NC

### PAT-4

Hemoglobin S/Montgomery Trait Masquerading as Sickle Cell Trait

Dr. Chukwuma O. Onyeagocha, Greenville, NC

### PAT-5

Langerhans Cell Histiocytosis in Liver –Single Organ Involvement in a Child

Dr. Natalia T. Buza, New Orleans, LA

### PAT-6

Malignant Mixed Mullerian Tumor with Heterologous Elements Arising in the Fallopian Tube

Dr. Tara N. Evans, Mobile, AL

### PAT-7

Squamous Epithelium-lined Cystic Lesion with Cytologic Atypia in Benign Inguinal Lymph Node

Dr. Karlene Hewan-Lowe, Greenville, NC

# Friday, November 12

## Radiology Moderated Posters

Moderator: Dr. W. Mel. Flowers, Jr., Jackson, MS

### RAD-1

A Look at Fractures

Dr. W. Mel. Flowers, Jr., Jackson, MS

### RAD-2

Comparison of Radiographic Techniques to Optimize Image Analysis for Evaluating Traumatized Bone Using a Rat as a Model

Dr. Ramesh Patel, Jackson, MS

### RAD-3

Conversion of 35mm Text Slides into PowerPoint Using Direct Optical Character Recognition Technology

Dr. W. Mel. Flowers, Jr., Jackson, MS

### RAD-4

Development of A Novel Image Guided Technique for the Assessment of Osteogenesis Using a Rat Model with Induced Bone Trauma in Pre-Clinical Mode

Dr. Ramesh Patel, Jackson, MS

### RAD-5

Esophageal Diverticula: Current Classification and Important Complications

Dr. Kathryn M. Nutter, Jackson, MS

### RAD-6

Ghosts and Goblins of the Past

Dr. Ramesh B. Patel, Jackson, MS

### RAD-7

Hepatic Sonographic Findings of Chronic Schistosomiasis and Complications

Dr. Ramesh B. Patel, Jackson, MS

### RAD-8

Imaging Evolution of Lung Tumors and the Complications Encountered after Percutaneous CT Guided Radiofrequency Ablation

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-9

Increased Incidence of Heterogeneous Appearance of Liver on Whole Body F-18 FDG PET Imaging in Heavier Patients

Dr. Aju Thomas, Columbia, MO

### RAD-10

Interventional MRI Directed and Monitored Percutaneous Cryoablation of Renal Tumors

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-11

MRI Description of Knee Medial Collateral Ligament Abnormalities in the Absence of Trauma: Edema Related to Osteoarthritis and Medial Meniscal Tears

Dr. Mitchell T. Godbee, Columbia, MO

### RAD-12

Nodular Dactylaria Pneumonia

Dr. Damon A. Black, Charleston, SC

### RAD-13

Percutaneous Cryosurgery for Uterine Fibroids with Interventional Magnetic Resonance Guidance and Monitoring

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-14

Percutaneous CT Guided Radiofrequency Ablation of Very Large Liver Tumors

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-15

Percutaneous MRI Guided and Monitored Cryosurgery of Bone Tumors

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-16

Percutaneous MRI Guided and Monitored Cryosurgery of Pancreatic Tumors

Dr. Patrick E. Sewell, Jr., Jackson, MS

### RAD-17

Spectrum of Developmental Skeletal Anomalies

Dr. Ramesh B. Patel, Jackson, MS

### RAD-18

The Many Faces of Indium

Dr. W. Mel. Flowers, Jr., Jackson, MS

# Friday, November 12

## President's Reception

7:00-9:30 pm

**Location: Audubon Aquarium of the Americas**

Fee: \$75 Adults/\$40 Children (3-12)-Ticket Required

Immerse yourself in the wonders of the deep at one of the top five aquariums in the country. Discover the creatures of North and South America—underwater! Enter the Caribbean Reef through the Aquarium's 30-foot-long aquatic tunnel where you'll lurk with creatures of all shapes and sizes, surrounded by 132,000 gallons of water. The Audubon Aquarium of the Americas features more than one million gallons of fresh and saltwater exhibits, including 530 species in a variety of wondrous habitats.

A true favorite of each year's meeting, this year's Reception honors SMA President T. Rudolph Howell, MD, of Chester, Virginia and SMA Auxiliary President, Mrs. Nancy Lindstrom, of Laurel, Mississippi. Wonderful food, exciting aquatic displays, and fellowship with friends and colleagues make this an event not to be missed.
